

## MONSTER PARADE PLANNED BY THE WOMEN OF DIXON

REPUBLICAN WOMEN TO HOLD A  
BIG AUTO PARADE BEFORE  
SATURDAY NIGHT MEETING.

### BANDS, RED FIRE AND ALL

Splendid Speakers To Address Women's Meeting At People's Church Saturday Evening.

As a fitting preliminary to the big mass meeting for women to be held at the People's church Saturday evening, the republican women of Dixon plan a great auto parade of the republican women of Dixon and vicinity.

The parade will be worth coming many miles to see. The Chamber of Commerce band will furnish the music and a "German" band, composed of local talent (?) will also compete for musical honors.

Automobiles and auto trucks will carry the ladies on the long line of march and the cars will be decorated in various ways. The women plan to wear costumes of an extraordinary nature. Red fire and torches will light the line of march and the woman's committee asks that residents along the line of march light up their houses, as they did in the old days of political rallies. The parade will commence to form at 6:30 on Ottawa avenue, between Second and Third, on the east side of the court house. The parade will commence at 7 o'clock.

### Line of March.

The line of march is as follows: North on Ottawa avenue to First street, west to College avenue, south to Third street, east to Peoria avenue, south on Peoria to Seventh, east to Galena avenue, north across the bridge and around John Dixon park, back south on Galena to First, west to Peoria avenue, south to Second, and then east to Hennepin, where the church is located.

### Old Soldiers Lead.

While the meeting is particularly a women's meeting, there will be many men in attendance. Members of the G. A. R. will occupy a prominent position in the lead of the parade. Mrs. Edwards, Mrs. Lee Read and Mrs. Ballou will sing original campaign songs.

### Splendid Speakers.

The speakers of the evening are of exceptional ability and Dixon is fortunate in being able to secure such noted speakers this late in the campaign when all good speakers are in great demand.

Judge Risley and Miss Mary Peck, both of Chicago, will be the principal speakers of the evening. Judge Risley is noted throughout the state for his ability as a jurist and is an eloquent orator, presenting his views and arguments with great force and logic. Miss Peck has but recently completed a tour with the Hughes special train. She is a wonderful woman teacher and explorer and is a speaker of extraordinary ability.

### Auto Committee.

The committee delegated to secure automobiles for the parade and transportation for those not having automobiles, is composed of Mesdames J. G. Ralston, Douglas Harvey, M. D. Grimes, J. W. Crawford and A. P. Armstrong and Miss Florence Noble. Those who enter their cars in the parade or who wish to ride in the parade may communicate with any of these ladies by telephone or otherwise.

### Decorate Autos.

It is not necessary that the autos in the parade be decorated, but the committee asks those who can, to use flags and bunting, at least.

### TO PLAY IN MORRISON

The Dixon high school football lads will go to Morrison Saturday to play the high school there.

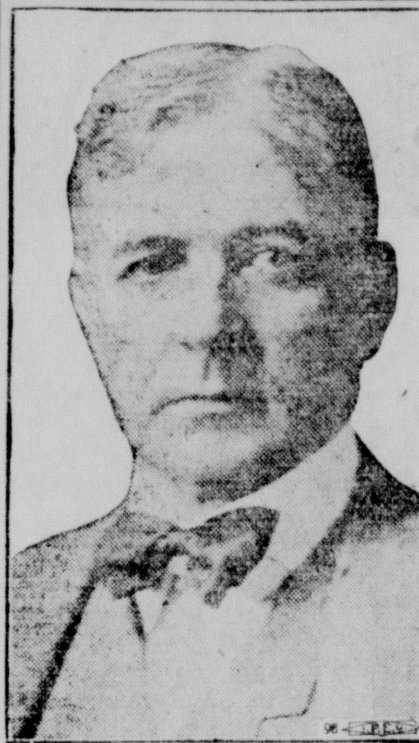

### POSTMASTER IMPROVES.

Postmaster R. W. F. Logan, who recently submitted to an operation for appendicitis, was able to be at the office a few minutes Tuesday.

### 3D PRECINCT REPUBLICAN MEET

An important meeting of the 3rd Precinct will be held at Republican Headquarters Friday at 7:30 p. m.

### FRANK O. LOWDEN

Frank O. Lowden, who won the Republican nomination for governor at the September primary by a plurality over Morton D. Hull of 110,000, has been a staunch advocate of Republican principles all his life. He was born January 26, 1861, in Sunrise, Minn., moved to Hardin county, Iowa, seven years later and taught school for five years, beginning at the age of fifteen. Mr. Lowden was valedictorian of the class of '85 at the Iowa State University and coming to Chicago studied law with Dexter, Herrick and Allen. He was married to Miss Florence Pullman, daughter of the late George M. Pullman, April 29, 1896, and has a family of three daughters and one son. In 1888 Colonel Lowden began the active practice of law in Chicago and forged rapidly to the front. He occupied the chair of Federal Jurisprudence in Northwestern Law School and Lowden hall was named after him for his services. Colonel Lowden was a delegate to the Republican national convention in 1900 and was defeated for the nomination for governor of Illinois in 1904 by a combination of the Deeneen and Yates forces. From 1904 to 1912 he was Republican national committeeman for Illinois and in 1906 he went to congress from the Thirteenth district, serving until 1911. In 1900 he purchased Hennepin farm and named it Sunnyside farm. It comprises 5,000 acres on Rock River near Oregon, Ogles county. Mr. Lowden's total vote at the recent primaries was 227,443. Besides defeating Mr. Hull and Col. Frank L. Smith, he scored a clean majority over both of 34,711, one of the notable victories in Illinois Republican history. His rivals are now loyally working for Mr. Lowden's election.

### WILSON LEADS BY ONE VOTE

Senator Walsh Casts First Ballot of 1916 Campaign.

Chicago, Nov. 2.—Senator Thomas J. Walsh of Montana, western campaign manager for President Wilson, cast his vote in his office in the Karpen building. Thus he becomes the first man in Illinois to vote for president and vice president.

A. J. McGurn, a notary, was called in and under the Montana law he examined the big ballot to see that it was free of marks. The senator was then sworn in and every one retired from the office, as the ballot must be cast in secret. Under the Montana law any citizen who is unable to return home may cast his ballot by affidavit and mail it to his precinct.

## GERMANS PROMISE FOR MERCHANTMEN

STATE DEPARTMENT HOLDS THE  
PLEDGE WAS FOR VESSELS  
LIKE THE MARINA

### GREECE MAKES STRONG THREATS

Is Said To Have Told Germany Allies  
Ships Will Be Sunk By  
the Greeks.

(Associated Press)

Washington, Nov. 2.—The state department is waiting Germany's version of the destruction of the British steamer Marina with the loss of American lives and it is also expected the affidavits and other data of American survivors will determine if Germany's pledges to the United States have been broken.

### Applied To Armed Ships.

See. Lansing said he understands Germany's promises not to sink merchantmen without warning and without providing safety for passengers and crews applied to ships with defensive armament; accepting the American note on the Sussex which demanded the abandonment of submarine warfare against freight and passenger carrying vessels. Germany said such vessels would not be sunk without warning and without providing safety for passengers and crews "unless the ships attempted to escape or offer resistance." No condition was made as to armed ships.

### GREECE MAKES THREATS

An Athens dispatch last night said the Greek government had notified Germany that Greece intended sinking without warning all ships carrying supplies to the allies. As far as known the United States has received no such notification.

Washington, Nov. 2.—Secretary of State Lansing announces that the state department will neither act nor comment on the cases of the Marina and Rowanmore, British ships supposedly sunk by German submarines, until the German government has had an opportunity to investigate the incidents.

A reasonable time will be given Germany after the investigation being conducted by this government has been completed to reply to the state department's request for information concerning the attacks. Mr. Lansing indicated that it might be necessary for the submarine commanders to return to their bases before Germany can furnish the information.

Both Secretary Lansing and Count Bernstorff, the German ambassador, authorized statements which were designed to remove any misapprehension which might exist regarding the policies of either government.

### Bernstorff Seeking Light.

Count von Bernstorff said: "I have asked for information from my government because I have considered every report until now absolutely improbable, on account of the German pledges and also an account of the fact that I do not believe anybody at four o'clock in the morning could see a torpedo looking like white fish."

"The German government has given its promise and the German government has always kept its promise."

### Politics Won't Interfere, Lansing.

Mr. Lansing said: "I have no news I can give out in regard to the Marina and the other vessel in which we are interested, but I feel that I ought to say this, and you may quote me if you wish:

"The fact that a political campaign is in progress will in no way vary the practice of the department in regard to the making a full investigation of cases of this sort. We shall do it as we always have and with as much celerity as is possible."

"And, I would just as soon say another thing:

## LOWDEN APPEALS FOR STRAIGHT TICKET IN TUESDAY'S ELECTION

COL. LOWDEN ASKS ELECTION  
OF HUGHES AND REPUBLICAN  
CAN CONGRESS.

### HAS FIVE BIG AIMS IN MIND

Also Asks for Republican State Legislature to Aid Him in Improving Conditions.

Chicago, Nov. 2.—Col. Frank O. Lowden, republican nominee for governor, speaking at Chicago Heights last evening, said the wage earner and housewife are being forced to their utmost to fit their needs and the needs of their families to the increasing cost of staple foodstuffs. Mr. Lowden produced a memorandum furnished him by the wife of a laboring man who has kept close tab on kitchen expenses for five years and read therefrom showing that under democratic "prosperity," even if wages here and there have been boosted because of war trade, prices of things we eat have risen even faster.

"This man told me he had seen his wages rise about 10 per cent in the period from 1912 to 1916," said Mr. Lowden. I asked him when the real boost in pay had come and he replied that virtually the entire raise was lately, since his factory had begun to turn out war products. However, he declared he is much worse off than he was in 1912 or early in 1913 before the real effects of the democratic low tariff law were felt. His raise in pay has in no wise equalled or offset the lift in prices of food.

"His memoranda of increases in kitchen costs, as he called them, probably is about as correct as one can obtain, although retail prices vary according to the district in which one lives. Granulated sugar he bought for 6 cents a pound four years ago; now it costs his wife from eight to ten cents, an increase of about 40 per cent. Round steak has risen from 14 to as high as 25 cents, a jump of over 30 per cent.

"He doesn't buy sirloin steak any more but told me the retail price had advanced about 30 per cent. As for bread, he said his wife gets smaller loaves now and pays a cent a loaf more; the apparent increase is only 20 per cent but actually it is more. The bakers also insist upon the purchase of 19 cent loaves. Potatoes four years ago varied from 85 cents to \$1 a bushel, now the price is around \$2 a lift of 100 per cent.

"This man has four growing children and feels he ought to buy at least two quarts of milk a day, but milk is becoming a luxury and he gets along on a single quart. The cost runs to 9 cents a quart for him and other people pay 10; four years ago it was 8 cents, the boost being 25 per cent. Butter, lard, pork and other staples have risen proportionately.

"I feel that the struggle of this man and his wife to feed their little brood is nothing unusual. All over the land we hear the same complaint—cost of living is shooting skyward. I ask you if you like a spotted prosperity which, raising pay here and there as certain industries prosper by reason of the war in Europe, is resulting, under a democratic tariff, in actual suffering among the working people. And after the war, when this fictitious prosperity ends and the low tariff permits the low priced goods of Europe to flood our country, what will come then?"

"I predict then the most trying competition our manufacturers have ever had. I predict closing down of factories and widespread suffering, unless meanwhile Charles Evans Hughes is elected president and with

Mr. Clarke is an exceptional baritone singer and Mrs. Clarke a finished violinist. The work of Victor Krali, accompanist, and his solo work showed great skill and technique. Mr. Clarke showed his versatility by variety of selections and wide range as an interpreter of the best in music. Mrs. Clarke is accorded one of the best violinists ever heard in Dixon. The grace and ease with which she played made her playing, which was perfect, all the more charming.

### HUGHES CLOSING IN THE WEST

Candidate Stirred by Rousing Meeting at Terre Haute.

Terre Haute, Ind., Nov. 2.—Charles Evans Hughes closed his last middle-western campaign and started back east after a rousing send off at Terre Haute, where he took a parting fling at the Adamson bill and issued a statement calling the Indiana demonstrations "perhaps the most wonderful reception ever given to a candidate for the presidency."

"I am leaving Indiana after what is perhaps the most wonderful reception ever given to a candidate for the presidency," he said in a formal statement. "This splendid tribute was not to me personally but as the representative of the great reunited Republican party moving forward to victory and service for the nation. The men of Indiana have organized a people's victory and I want to thank the leaders of the reunited Republican party for their effective work."

### MEDILL M'CORMICK

Medill M'Cormick, candidate for congressman-at-large, was born in Chicago in 1877. His grandfather was Joseph Medill, the famous editor of the Chicago Tribune, and Mr. M'Cormick's father was Robert S. M'Cormick, who was ambassador to Austria, to Russia and to France. Medill M'Cormick was graduated from Yale in 1900, and in 1901 went to the Philippine Islands as war correspondent. He went to Mexico in the same capacity two years ago and amid constant perils made his way to Mexico City. In 1911, Mr. M'Cormick became associated with the Progressive Republican movement, and a year later was a member of the Progressive campaign committee. He was temporary chairman of the Illinois Progressive state convention in 1914 and held the same post at the Republican state gathering in 1916. He was elected to the lower branch of the legislature in 1912 as a Progressive and was one of the militant members. In 1914 he was re-elected as a Progressive, being one of two members to achieve that honor. He was a delegate-at-large to the Republican national convention in Chicago in 1910 and made a spectacular campaign for the nomination for congressman-at-large with the slogan, "He is in politics for what he can give, not for what he can get."

## TELLS WOMEN HOW TO MARK THEIR BALLOT

WOMEN ARE INVITED TO COME TO THE REPUBLICAN HEADQUARTERS.

### DO NOT SPOIL YOUR BALLOT

Safe Place to Be Taken in Marking Ballots if They Are Spoiled and Are Not Counted.

A prominent republican woman today suggested that a little advice on the proper way to mark a ballot would not be unwelcome to women readers of the Telegraph. Her advice to the women is:

"Put your cross in the circle before the word Republican at the top of the ballot and no other marks. That is the way to vote the straight republican ticket. Do not mark in the small squares before the names of the 29 presidential and vice presidential electors. The cross in the circle at the top of the column indicates your intention of voting for all these electors and all other names in the column under which your cross is put, unless you also mark in squares in front of some candidate running on another ticket in another column."

"If you wish to vote for a trustee of university, for instance, who is a candidate on the democratic ticket, but wish to vote for Hughes and the rest of the republican ticket aside from that, you need only to put your cross in the circle in front of the word Republican at the top of the first column on the ballot and then put a cross in the square in front of the name you wish to vote for in the democratic column. That is called 'splitting your ticket.' Never draw a line through the name of the candidate you wish to vote against. To do this or to write anything on your ballot or to make any kind of mark on it other than to put the crosses in the circle or squares, spoils your ballot and your vote is thrown out. Do not put your name on the ballot."

"The safest way to vote and not lose your ballot altogether is to put a cross in the republican circle, fold up your ballot and give it to the election judges. You may be sure it will be counted and that you have voted for all the republican candidates."

All women voters are urged to get out on election day and exercise their right to vote.

Women who do not fully understand how to mark a ballot may get complete information by phoning republican headquarters over the Evening Telegraph office, phone No. K-84, or by going there in person. They will be given sample ballots and the process of marking the ballot will be fully explained to them.

There will be a woman in the vicinity of each polling place on election day to explain to women how they should vote, and when in the polling place, any woman who becomes confused and is not sure she is voting correctly should call upon the election judges to explain it to her, which they are required by law to do and are always glad to do.

LOWDEN APPEALS FOR STRAIGHT TICKET

him a republican majority in congress so that tariff rates may be put up sufficiently to protect American labor."

Col. Lowden also gave attention to the state administration of Governor Dunne, showing how it had been extravagant and wasteful and how, under Dunne, the tax rate in Illinois had been lifted from a high point of 58 cents under Gov. Deneen's last administration to 70 cents under Gov. Dunne.

"With cost of living reaching unprecedented proportions and with shaky days ahead, it is no time to meet high tax bills," said Col. Lowden. "I promise a careful and economical state government and ask you to vote the republican ticket straight."

So I may have the help I need at Springfield to accomplish these reforms." Dr. Arthur Dean Bevan, one of the foremost of Chicago surgeons, has mailed 5,000 physicians and surgeons of Illinois a letter asking their cooperation in the election of Col. F. C. Lowden to the governorship. In his letter Dr. Bevan emphasizes the necessity of placing health and medical matters in Illinois in the hands of trained men.

"A medical man serving the state either in the capacity of a commissioner of health or in the control of medical licensure, or the medical superintendent of one of our great medical charities should be appointed because of his special training and special fitness for the position," is Dr. Bevan's contention. "He should be appointed, as often has been the case in the past, because of political affiliations."

Dr. Bevan concludes: "Col. F. C. O. Lowden, republican candidate for governor, is in thorough sympathy with this position."

"Never in the history of Illinois has there been such a need for a turn of the republican party to power," said Walter M. Province, Tax Collector, who was a candidate for the nomination of attorney general and has been for years a leading republican member of the legislature. Mr. Province visited republican state headquarters today.

"Never have our state taxes been so high," continued Mr. Province. "Never have state expenditures been so large and state expenditures so wanton as we find them under the Dunne democratic administration of Illinois. Call the roll of every state department, commission and institution and it will reveal wastefulness, extravagance and inefficiency. We need the adoption of business methods by business men in state government."

PRINCESS THEATRE "Liberty," one of the greatest patriotic serial stories produced, will begin at the Princess tonight. The story tells of life along the Mexican border and the scenes are, therefore, taken along the Rio Grande. Beside having a wonderful heart interest it teaches natural history as well as showing in a vivid manner the real method of living there. It starts today and succeeding chapters will be shown on each Thursday until the series of 20 chapters have been shown.

DIXON OPERA HOUSE There are no more popular two stars in musical comedy than John Hyams and Leila McIntyre and, as their names are mentioned one can help but recall their delightful performance in The Girl of My Dreams. Under the direction of Perry J. Kelly, they will be seen at the Dixon opera house Tuesday night, Nov. 7 in their new success, "My Home Town Girl" which, in a tour of big cities last season, proved one of the biggest successes of the year. The music for this production was composed by Louis A. Hirsch, author of Hello Frisco, and of the song hits in the last Follies production. The book and lyrics are by Frank M. Stammers.

Unlike most musical comedies "My Home Town Girl" has a real plot and above all, a cast of unapproachable excellence, including Eda von Luke, Maude Beatty, Doris Vernon, Dorothy Releh, Roy Purviance, Maurice Darcy and George Hall together with a large chorus of pretty dancing and singing girls.

Supervisor Austin O'Malley of Marion township was here today.

The Little German Band will be one of the attractions of the auto parade Saturday evening, 2:55 p. m. Miss Eloise Berkley of Amboy is visiting in Dixon.

FIVE CENTS STRAIGHT AND WORTH IT!

Miss Harms will wed William Carlsen and Miss Wold is the fiancée of Frank Forman. Mrs. Mary Trein's home was the scene of the happy affair, which was a Hallowe'en luncheon and miscellaneous shower.

The decorations were most elaborate and beautiful. In the hallway pumpkin faces shaded the lights, festoons of black and orange, stretched from chandelier to the side walls, practically concealed the ceiling of the living room, while chrysanthemums of blended colors, artistically arranged in vases, were placed here and there. The dining room where a most attractive luncheon of many courses was served was also decorated in the Hallowe'en colors and motifs. In the center of the table rested a pumpkin, used as a centerpiece of a candlestick, which was shaded with iridescent beads. Around the pumpkin were vari-colored autumn leaves, concealing nuts, to which were attached orange and black ribbons, leading to each place, and at the other end of which sat weird black cats. Between the courses the ribbons were pulled, and tiny fortunes, found in the nuts, were read. The place cards were cunningly contrived black cats and witches. On the trays with the dessert course rested souvenir candlesticks bearing burning candles, which were watched as they slowly burned, betokening the fortune of the watcher. A bride's cake was cut and much amusement derived when it was shown that Miss Alice McCoy had the thimble. Miss Anna Hutton the dime, and Miss Erma Grose the ring.

A happy evening marked by music and games, followed the luncheon, and the two brides-to-be were presented with many beautiful pieces of silver, cut glass, and aluminum ware. Eighteen guests were present, including the mothers of the guests of honor, Mrs. A. W. Harms and Mrs. L. Wold.

### Entertained

The pleasant evening broke up after the serving of very enjoyable refreshments.

### WHY I AM FOR HUGHES.

(By Wm. H. Taft, Former President of the United States.)

I accept with pleasure and gratitude the opportunity briefly to give the people the reasons for the political faith that is in me and that has impelled me to take the stump in behalf of Charles E. Hughes and the republican cause.

The course of the democratic party, dictated and controlled by President Wilson, merits the severe rebuke which conditions in the east and middle west, with which I am familiar, lead me to believe it will receive Nov. 7.

Mr. Wilson bases his claim to re-election on the prosperous condition of the country and the specious plea "He kept us out of war." The country is prosperous in spots because of the European war—for which Mr. Wilson is not responsible—which has given to our country the protection of which his Underwood tariff bill deprived them and which has stimulated in unheard of measure the exportation of American products entering into the prosecution of the war operations of Europe.

What our fate would have been under the Underwood tariff is understood by first voters, as by older men and women, for they recall the devastation that accompanied the ten months of its actual enforcement, the destruction of American industries, the pitiful condition of the unemployed, and the establishment of bread lines and free soup houses. The fictitious prosperity due to increased exports will collapse with the rapidity of a cable dispatch at the close of the war. When that crisis confronts this country the republican party and a man of courage and conviction, Charles E. Hughes, must be on guard to meet and conquer it.

Mr. Wilson did not keep us out of war. He kept us out of the European war because we wanted none of its horrors and because none of the belligerents insisted on dragging us in, and he brought us into war with Mexico because his policy there was one of officious intermeddling, which is responsible for the distressing situation now existing and which, if not superseded by the saneness and deep sense of justice that distinguished Mr. Hughes, will inevitably drag us to even greater humiliation.

Mr. Wilson does not merit the support of red-blooded Americans because, without inquiry into the facts, without hearing or arbitration, he surrendered to threats and demands which resulted in the hurried and ill-advised passage of the Adamson law, which even its proposed beneficiaries now regard with distrust and misgivings. This is a law which he continues to call an 8-hour law, although it does not by a minute shorten the legal maximum workday of 16 hours, which increases the wages of the best paid railroad labor in the United States, without ameliorating in the slightest degree the condition of the 80 per cent of railroad labor unaffected by the act. This law throws the entire burden of the expense involved on the shoulders of labor and business and agriculture, already staggering under the weight of the constantly increased cost of living which the democratic party in its platform attributed to "republican extravagance" and which it promised to reduce. Mr. Wilson deserves condemnation for his course of vacillation attributable in nearly every exigency to a desire for votes rather than to a regard for the interests of all the people.

Mr. Hughes deserves support as a man whose career shows that he will translate conviction into action, and that he is a man who will fight for principle. He is thoroughly equipped to safeguard American interests in this the most critical period in American history since the days of the civil war.

### THE TAX AMENDMENT.

The Evening Telegraph urges the voters, irrespective of party to vote "yes" upon the proposition at the election next Tuesday for the tax amendment.

Many who would have to pay taxes on intangible values under a re-modeled system are now escaping taxation altogether. Some imagine that the present system of tax dodging in Illinois can be carried into the future indefinitely. There are others who by their position and knowledge know a change has to be made that will bring about the taxing of intangible values at a reasonable rate.

Those who think they can escape on their holdings of mortgage notes, bonds, stocks and other forms of intangibles are opposed to any amendment or any revision of the tax laws which would compel them to pay even a small tax—such as that which intangible value owners pay in Pennsylvania, New York, Maryland and other states.

The opposition which comes from tax dodgers of this sort is not outright and direct, but is covert and insinuating. They pretend to believe the phraseology of the amendment is such it will do harmful and deadly things to real estate owners. It is worth while to take into account that all leading real estate organizations in Illinois favor the amendment on the ground that it will relieve real estate of some of its tax burdens.

### WHO IS THE REAL FRIEND OF LABOR?

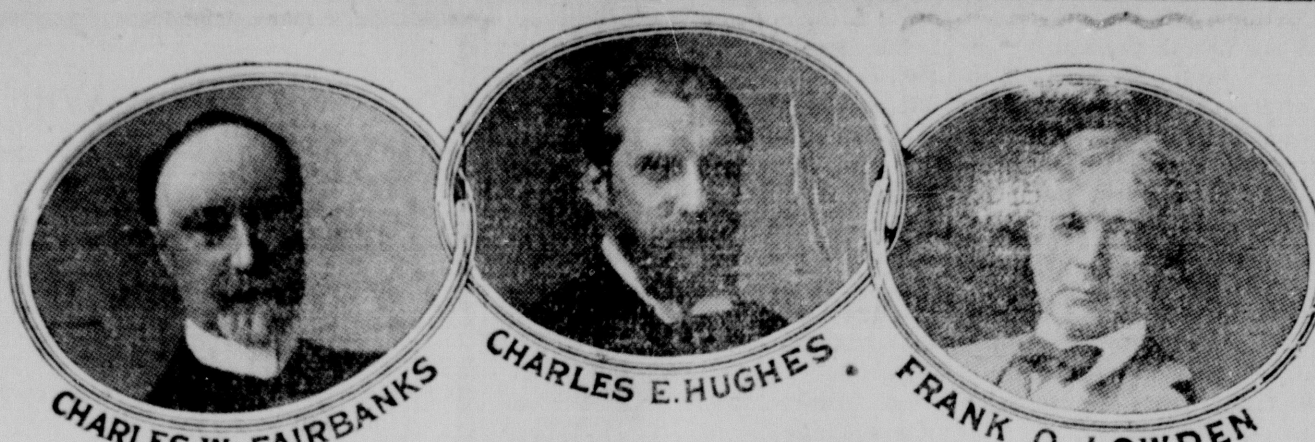

Here is the record and it cannot be disputed:

#### WILSON.

1905-1909—"Labor unions reward the shiftless and incompetent at the expense of the able and industrious. \* \* \* We speak too exclusively of the capitalistic class. There is another as formidable an enemy to equality and freedom of opportunity as it is, and that is the class formed by the labor organizations and leaders of the country. \* \* \* You know what the usual standard of the employe is in our day. It is to give as little as he may for his wages. Labor is standardized by trade unions, and this is the standard to which he is made to conform."

#### HUGHES.

1908—"My friends, there are some who regard organized labor as a source of strife and menace of difficulty. I regard it as a fine opportunity for the amelioration of the condition of men working with no other purpose than to make the most of themselves and to achieve something for their families. I regard it as a fine opportunity for the realization of the highest benefits for those that every patriot feels most solicitous about to see that every thing should be done for their continued progress."

NEARLY \$17,000,000 WASTED BY DUNNE

THE GOVERNOR CANNOT ESCAPE RESPONSIBILITY FOR EXTRAVAGANCE WITH PLEA OF "GOOD PURPOSES."

VETO GIVES HIM MASTERY

Dunne's Entire Excess of Expenditures Over Four Years of Deneen Was \$34,515,771—"Good Purposes" Cuts This in Two—Dunne Cannot Dodge Balance.

In opening his campaign in 1912, Governor Dunne said: "Every man and woman in Illinois who has acquired property by thrift and self-denial is feeling the burden imposed by the saturnalia of extravagance and waste under the last two state administrations."

The record of the financial outcome of the four years of the Dunne administration is now made. It can be compared with the four years of the "saturnalia of extravagance and waste" under the four preceding years of Republican administration. If the four preceding years of Republican administration constituted a "saturnalia of extravagance and waste," what must be said of the four years of the Dunne administration?

Under the four years of the "saturnalia of extravagance and waste" of the Republican administration the total expenditures were \$49,515,771. Under the four years of the Dunne administration the appropriations total \$84,264,783, making an excess of Dunne over Deneen of \$34,749,012.

Has Dunne Kept Faith?

In the opening address of his campaign in 1916 Governor Dunne said: "It has been my honest endeavor to carry out the platform of our party. I believe that such a political platform is not a subterfuge; it is a binding contract with the people to be lived up to in letter and observed in spirit; it is a sacred and inviolable obligation."

He was referring to the platform adopted in 1912. That platform denounced the profligate extravagance and waste of the Republican administration.

How has Governor Dunne kept this faith? How has he kept inviolate the sacred obligations of his own platform?

To justify himself, Governor Dunne points to a few appropriations, all increases, which he claims to be legitimate. Analyzing this and giving him credit for certain increases and expenditures which may be conceded to be legitimate, how does the record stand? It leaves appropriations of \$17,157,586 to be accounted for—a sum greater by nearly two million dollars than was appropriated to Deneen for the first two years of his administration (1905-1906). It is for Governor Dunne to account for this \$17,000,000 increase.

Here are the figures.

It may be stated in tabular form as follows:	
<b>Appropriations.</b>	
Sessions, 1909-1911 (Deneen)	\$49,515,771
Sessions, 1913-1915 (Dunne)	\$84,264,783
Dunne's excess	\$34,749,012
<b>Increases.</b>	
State charities, ordinary	\$2,679,034
Alton hospital	205,000
Alton hospital	535,850
Epileptics	1,073,050
Chicago hospital	2,679,034
Normal schools, ordinary	4,492,934
Normal schools, extraordinary	35,401
Highways	4,296,250
University of Illinois	3,672,200
Foot-and-mouth disease	1,661,407.14
Levees at Cairo and Mound City	387,800
Total	\$17,857,536.14
To be accounted for	\$16,891,475.86

Cannot Dodge Responsibility.

The governor has the veto power. He has the whip hand over any and all appropriations. Governor Dunne cannot escape blame for this waste. He cannot fairly blame the legislature as he, with his veto power, is the stopcock to all bad legislation.

Let us forget a vote for Dunne will be a vote for higher taxes.

Dunne boosted the tax rate from 38 cents under Deneen to 70 cents—and he's been running true to form ever since.

Colonel Lowden is bound to make a great record as governor. He has the brains, the backbone, and the purpose to make good. He promises to cut down waste and eliminate extravagance. A promise from Lowden is as good as a bond.

"My administration has been careful and economical," modestly asserts Governor Dunne. Yes, to the extent that it ran nearly \$35,000,000 in appropriations over and above the last four years of Governor Deneen. Revision of the statement, governor, is in order.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother. If coated, or your child is listless, cross, feverish, breath bad, don't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

KOENIG DODGES WITH BIG CARGO

He Runs About Hundred Miles Under Water.

VOYAGE WAS MADE IN GALE

Captain of Submarine Merchantman Carried Goods Valued at \$10,000,000. Has Heard Nothing of the Bremen and Thinks It Lost—Saw Many Enemy Ships.

New London, Conn., Nov. 2.—"England blockade?"

Captain Paul Koenig, commander of the German under-sea merchant packet, the Deutschland, lifted his voice to a note of slight impatience as he repeated the query. He turned his eyes upon the questioner. They are sharp little eyes, of a bluish gray color. Around the edges of the eyes are innumerable wrinkles, like fretwork. These wrinkles give the captain the appearance of always smiling.

"England blockade?" he said again, then he made a brief gesture with one of those big red hands of his, that seem to be a misfit on his small frame. It was as though he were discussing the matter that was in his mind at the moment as of no consequence.

"Well, it hasn't stopped us yet," he said, dropping his voice to its usual quiet, even tone. "What else, gentlemen?"

With ten million dollars worth of chemical dyestuffs, drugs, jewelry and stocks and bonds packed between her homely sides the Deutschland is lying in this harbor ready to unload. A technically prevented the entering of the cargo Wednesday.

Captain Koenig Tells His Story.

Captain Koenig was seated at a long table in an ornately decorated private dining room on the second floor of the Mohican hotel. The Mohican is the leading hotel of New London, where the Deutschland completed its second trip to America.

Saw a Lot of Hostiles, but Unseen.

The ship—Koenig always calls it a ship—had an uneventful trip. It saw a lot of hostile vessels but the hostiles never saw the Deutschland. It ran about a hundred miles under water all told on the way across.

It carried a cargo estimated in value at \$10,000,000. This cargo includes drugs, such as aspirin and salvarsan and there is an intimation that a lot of precious stones and maybe stocks and bonds are aboard the Deutschland. It brought mail for the German ambassador and for others in this country. The voyagers have heard nothing of the Bremen and believe the boat has been lost.

The Deutschland is manned by the same crew with three exceptions, that took her to Baltimore last July.

When the Deutschland was in Baltimore, they were none too free in giving out information. Now scarcely anything is withheld.

Captain Koenig arrived at Mohican in an automobile which carried the German and American flags. With him was Paul Hilken, son of the president of the Eastern Forwarding company.

GERMANY'S MAIL MAY BE SENT IN U-BOATS

Von Bernstorff Makes Proposal; 300-Lb. Parcels Limit.

Washington, Nov. 2.—The postoffice department is prepared to accept a proposal, submitted by Count von Bernstorff, the German ambassador, that mails between this country and Germany be transported in merchant submarines. Announcement to this effect was made by Otto Praeger, second assistant postmaster general.

The proposal is that not more than 300 pounds of first-class letter mail be carried by each German merchant submarine leaving an American port at the regular steam liner rate.

The suggestion was made that submarine mail be placed in special containers, but the postoffice authorities rejected that, saying the mails could only be handled with the regular equipment.

Count von Bernstorff probably will confer with postal officials within the next day or so to arrange final details. German officials hope that the plan can be completed in time for the Deutschland to carry the first mail shipment on her second return voyage.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant relief! "Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on with a weak, disordered stomach; it's so unnecessary.

"PEN" PLOTS MANY

Joliet Institution Scene of Murders, Escapes and Strikes.

Despite Efforts of Governor Dunne's Agents to Conceal Facts, Penitentiary Has Been Badly Managed—Climax in Murder of Mrs. Allen.

Despite desperate efforts by the Dunne administration to gloss over serious conditions existing at Joliet penitentiary, from time to time the public has been informed of them. Escapes by convicts, murders—culminating in the fearful tragedy of which Mrs. Allen, wife of Warden E. M. Allen, was the victim—rumors of scandals, extravagances, deficiency appropriations by the legislature for the penitentiary's upkeep and, altogether, disgraceful conditions prevailing in the departments combined to advertise the Dunne regime, on this score, as inefficient.

All the publicity and chatter that Governor Dunne's agents scattered broadcast regarding convicts working on the roads failed to blind the people to actual conditions. From the start of the Dunne regime, there seemed to be something the matter with the Joliet institution. Following are some of the facts:

Illinois State Penitentiary. Appropriations, 1911 and 1912 under the Deneen administration ..... \$600,000 Appropriations, 1915 and 1916 under the Dunne administration ..... 776,727

Increase ..... \$176,727

The 1915 appropriation includes a deficiency appropriation of \$75,000.

When the Deneen administration passed out of existence there was turned over to the Dunne administration in the Illinois state penitentiary the following:

Cash on hand ..... \$100,000.00 Food and stock on hand ..... 261,188.79 Undrawn money in the state treasury (two months to run) ..... 75,000.00 During the Deneen administration there was paid to the State Treasurer ..... 225,000.00

Total ..... \$661,188.79

The amount required to run the penitentiary varied from \$20,000 to \$25,000 per month, so there was ample money on hand in the \$75,000 to carry the prison through without a deficit.

Many Convicts Escape.

Under Warden Murphy for three years and six months to April 26, 1913, there were twelve escapes of male convicts. Ten were returned.

During three years and six months under the Dunne administration there were 54 escapes of male convicts, of whom 18 were returned. There were three murders by convicts. One was convicted and hanged; one was sent up for life; one was convicted and sentenced to be hanged. This last was "Chicken Joe" Campbell, who was convicted of the murder of Mrs. Allen, wife of Warden E. M. Allen. After having been sentenced to be hanged he has been reprieved by Governor Dunne three times, the last reprieve having been granted recently.

There have been two or three strikes reported at the Joliet institution every week for some time. The convicts demand during the strikes either more food or a holiday.

When the chair factory burned down an appropriation of \$15,000 was made toward repairing or rebuilding the building and it has been reported that the \$15,000 has been expended otherwise.

DUNNE HAS A BAD HEAD FOR FIGURES.

In an editorial December 11, 1913, The Chicago Record-Herald in a critique of the Dunne administration with respect to its financial blunders, said this, among other things, of Governor Dunne:

"In a broad, general way he (Governor Dunne) is condemned already. He has set the example and he deserves his doom. Even reasonable expenditures will count against him as they swell the total, because he has put himself beyond hope of any help from an appeal to reason. "Because of his own bad judgment he is now in for three years of squirming. Conditions will grow worse instead of better. This is not a prophecy but a mere statement of the inevitable. There is no chance whatever of improvement except through a miracle that shall change his nature."

The black type in the last sentence is not the Herald's—it's ours.

LEST WE FORGET.

Under the Democratic tariff in 1914 before the European war began three millions of men were out of work in this country. Factories were closed. Women and children were hungry. Do you want to return to this condition after the war?

Mrs. Milton Bryan is gradually improving and was able to sit up for a time Wednesday.

## AN INITIATIVE AND REFERENDUM TEST

Tax Amendment Vote Will Show If People Give Attention to Referendum Matters.

Here is a case of "referendum," for those who believe in referendum.

It is also a case of "initiative" by the people, for those who believe in initiative.

The constitution of the state of Illinois makes it possible for the general assembly—representing the people—to respond to the demands of the people and initiate a change in the system of government by proposing amendments to the constitution. Of course, there have been demands for an enlargement of this method of initiative and referendum—and they have been looked upon with great favor by many. The people now have a chance to show what they will do with propositions that are referred to them for action by the legislature.

In order to adopt the tax amendment it is necessary that it have a majority of all the ballots cast at the election November 7. There is no doubt about its having a majority of all who vote on the Amendment proposition. The only danger that confronts it is that some, or many, will not take the trouble to mark their ballots for it, even though they favor it. Those who believe in referendum and initiative, especially should be alert to see to it that this important referendum proposition does not result in a demonstration that referendums of great questions—such as that involved in the Tax Amendment—do not fail because of the inattention of the voter.

## BILLIONS UNTAXED UNDER PRESENT LAW

Ex-Mayor Kern of Belleville and Former State Senator Magill of Springfield Speak for Tax Amendment.

Belleville, Oct. 6.—Former State Senator Hugh S. Magill, now superintendent of the Springfield, Ill., half million dollar high school, told a small audience in the Circuit Court room last evening that Illinois' crying need was the constitutional amendment, to be voted on in the November election, by which the present constitutional limitations surrounding the restricted valuation of all classes of property could be removed.

That billions of dollars of wealth created under conditions which did not exist when the constitution of 1870 was adopted now escape taxation, and that as a result of this inequitable system every humble home owner in the state, every honest merchant whose stock of goods is in sight and every honest man who made an honest return on his possessions must bear the dishonest man's proportion of the public taxes, was the conclusion reached by Mr. Magill.

Mr. Magill was followed by former Mayor Fred J. Kern of this city, who made a vigorous argument in favor of the proposed tax amendment and said that he was satisfied to vote "yes" on the proposed amendment because the Illinois Bar Association and a two-thirds membership of the Illinois senate and the lower house, regardless of partisan affiliation, had agreed to have this question submitted to the voters of the state.

The amendment in question proposes to enable the Illinois Legislature to establish a classification on property of all sorts so that there may be equitable assessment and a more certain law of reaching many classes of property that are now concealed and escape proper taxation.

The meeting was held under the auspices of the Commercial Club.

## WOULD REQUIRE "TAX PAID" STAMP ON SECURITIES.

That something will be done—and something drastic—if the Tax Amendment is not adopted now and then is indicated by the trend of discussion concerning taxation. One of the suggestions, worth while to reflect upon, is that advanced by ex-Senator Hugh S. Magill of Springfield, in his speech at Belleville. Mr. Magill pointed out that even under the present constitutional provision a tax might be ordered, and enforced, by compelling all security owners to return their securities to the tax officers and have them stamp "tax paid" thereon.

This requirement would be enforced, according to Mr. Magill's plan, by some system of outlawing securities that were not so stamped.

Under the present system with the current confiscatory rates such a tax would operate to drive investments out of the state and make conditions worse than now. If the Amendment is adopted on November 7, however, reasonable rates of taxation will be possible for securities, and stamp taxes or other automatic methods would then produce revenue and make for uniformity of operation.

Chicago Herald: The Republican state platform declares for the adoption of the tax amendment and for legislation to bring about "real tax reform" in case the amendment is adopted.

## JOBBER'S PLOT TO BOOST FOOD

U. S. Probe Involves Dealers of Several States.

### PLANS WORKED OVER PHONES

U. S. District Attorney Clyne Declares He Has Information That Prices at Which Provisions Were to Be Sold Were Daily Telephoned into Chicago.

Chicago, Nov. 2.—Investigation by the federal government of phenomenal increases in the prices of foodstuffs has developed the fact, according to an announcement by District Attorney Charles F. Clyne, that a conspiracy involving the jobbers of at least three states affecting the middle western states' food supply, has been uncovered.

Early morning meeting by jobbers, long-distance telephone and telegraph communications between the jobbers of the states of Illinois, Iowa and Missouri, Mr. Clyne states, serve to fix the prices of the leading staples for the day.

### Follows Grocers' Visit.

This new turn in the government's food investigation followed the visit of two representatives of Chicago wholesale grocers, accompanied by their attorneys, to Mr. Clyne's office. There, it is said, they refused to give definite information, as requested by Mr. Clyne, but promised to furnish statistics on food values since the first of the current year. That the district attorney is more particularly interested in the prices of corresponding months of previous years in determining the legitimacy of current rates was not considered.

Mr. Clyne denied that he had been defied by the grocers.

"Two of them came in," he said, "and they will give to me statistics concerning the prices of foodstuffs since the first of the year. If I desire further information I have no doubt but that I can get it."

### May Take Case to Jury.

The federal grand jury which meets next Monday after a long vacation, may be asked to look into the food situation. Mr. Clyne refused to say whether he will present the evidence he now has of conspiracies before that body. He denied that the calling of the grand jury the day before election had any political significance.

That the jobbers of the three states mentioned in the food conspiracy are well organized and that direct communication is maintained, Mr. Clyne declared to be the information received recently from reliable sources. Peoria, Springfield, East St. Louis and Davenport have been investigated and reports made to the department of justice.

Says Wholesalers Have Blacklist.

Peoria, Ill., Nov. 2.—With wholesale grocers facing the prospect of being called before the Chicago grand jury Monday to testify regarding an alleged state-wide conspiracy to fix food prices, I. M. Laughlin, restaurant man, charged the wholesalers with combining and boycotting certain restaurants. This was done, he declared, at the instance of retail grocers solely, they told him, to increase prices by forcing restaurant men to buy through the retailers.

The combine extended to Bloomington, he said, the wholesalers grocers here securing an agreement with wholesale dealers of Bloomington whereby the Bloomington house ceases taking orders from the restaurants on the "blacklist."

Mr. Laughlin charged that this agreement not to sell to the restaurant men was but one instance of a general policy of wholesale grocers and commission men to combine on prices and boost them when possible.

The restaurants placed under the boycott by the local wholesalers were the medium priced restaurants, according to Mr. Laughlin.

### LESS HOURS AND HIGHER PAY

6,000 Shoe Workers and 10,000 Miners Get Benefit.

St. Louis, Nov. 2.—The Brown Shoe company notified its 6,000 employees that, effective Nov. 6, their work day would be nine hours with the present ten-hour pay.

Fairmont, W. Va., Nov. 2.—Ten thousand bituminous coal miners in this region were officially notified that their wages had been advanced 10 per cent, the increase to become operative at once.

### Menocal Wins in Cuba.

Havana, Cuba, Nov. 2.—Indications are that President Mario G. Menocal, conservative candidate for re-election to the presidency, and his running mate, General Emilio Nunez, have won a sweeping victory in the balloting. Alfredo Zayas and Carlos Mendieta are the liberal candidates.

Indian Invokes Hunting Treaty. Houghton, Mich., Nov. 2.—Paul Forcia, a Chippewa Indian, recently fined for hunting out of season, appealed his case to the circuit court on the grounds that an old United States treaty gives Indians the perpetual right to hunt.

## BACKING UP PROOF

THE KIND THAT DIXON PEOPLE CANNOT DENY

Many an earnest Dixon man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month, you've read their statements. Would these Dixon people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Dixon man's statement leaves no room for doubt.

"It must convince every kindly sufferer who reads it."

If your back aches—if your kidneys are weak—profit by Mr. Walford's experience:

W. Walford, blacksmith, Peoria Ave., Dixon, says: "The kidney secretions were irregular in passage. My back ached too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

### NO TROUBLE SINCE

On January 21, 1913, Mr. Walford said: "I have had no kidney trouble at all in the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

(Continued from page 1)

The question has been raised as  
to whether there has been any change  
in policy on the part of the Presi-

the submarine warfare since the Sus-

notes of the United States to Germany  
on the subject of submarine warfare,  
in which it was declared that warn-  
ing must be given and provision made  
for the safety of passengers and crews  
before a merchant ship is sunk.
